**2014 Environmental Resource Guide**

Dear CEC Supporter:

We would like to give you the opportunity to be a part of the 2014 Environmental Resource Guide, which will be published in January 2014. This annual directory contains informational profiles of each of our approximately 100 non-profit environmental member groups, as well as contact information for local government and elected officials. (See [www.cechouston.org/resource-guide](http://www.cechouston.org/resource-guide).) This guide is a great way to show your support of environmental efforts in our community, and to tell others of your company's environmental involvement and commitment. Each sponsor can style a full-color half or full page to describe their environmental philosophies and activities. The benefits to your company include:

- Approximately 4000 hard copies printed and distributed to our member groups, government agencies, the media, area school districts, and the general public each year.
- This publication is posted in full copy as a pdf on our website for the general public to access freely.
- All sponsors will be announced in our electronic e-news, which is distributed to about 5,000 subscribers each week.
- It is an inexpensive, tax deductible sponsorship that supports our shared community.
- Sponsor pages are full color with live hyperlinks to your website and/or emails in the digital edition.

If you are interested in being a sponsor, please send the following information:

- Name of Sponsor
- Mailing Address
- Phone
- Email
- Name of contact person
