John Jacob, Ph.D.  
Texas Sea Grant

Jim Willis  
Wildlife Habitat Federation

October 18, 2013

Dear Educator,

The Coastal Prairie Partnership (Houston, TX) is pleased to offer a grant opportunity of \$250.00 to a school/teacher interested in pursuing pollinator education on their campus in the following school districts and/or parish school boards: **Louisiana:** Vermillion Parish School Board, Lafayette Parish School Board and **Texas:** Houston ISD, Cy-fair ISD, Katy ISD, Waller ISD, Clear Creek ISD, Pasadena ISD. This award will be granted during the fall semester.

All interested applicants should provide a short (1-2 page) proposal which delineates how this grant will further their educational goals in regards to pollinators and how this work will heighten awareness about pollination/pollinators in their area. This grant may be used for either signage about pollinators or pollinator plants or may be used to purchase pollinator-friendly plants. This grant may also be used to augment an already existing project or help create a new pollinator resource. Lastly, please feel free to include pictures with your proposal.

All proposals are due on December 1, 2013 and can be sent electronically to [prairiepartner@gmail.com](mailto:prairiepartner@gmail.com). An award decision will be made no later than December 10, 2013.

Please contact us at any time if we may be of service to you, and visit us at [www.prairiepartner.org](http://www.prairiepartner.org) to enjoy the sights and sounds - and the latest news - of the coastal prairie.

Sincerely,

Jaime González  
President, Coastal Prairie Partnership
