

Dear Galveston Bay Council, subcommittee members and stakeholders,

As has been discussed at past Galveston Bay Council and subcommittee meetings, GBEP and HARC would like to submit a request to you for high quality photos and video that can be featured in the State of the Bay, 4th Edition. Photo credits will be given to the photographer and/or contributing organization and copyrights will be respected and noted. Below are a list of potential topics for which photos will be needed. However, please do not consider this list to be exhaustive. All great photos are appreciated and will be considered for use.

Please email questions and photo submissions to Dr. Erin Kinney at ekinney@HARCresearch.org.

For each image, the following information would be helpful:

- Photographer name and contact information / contributing organization
- Short description of the photograph/title (e.g. date/year, species, location, etc.)
- Whether the photo is protected under copyright
- Permission to use this photo for (please specify):
 - a) State of the Bay 4th edition only
 - b) General GBEP and HARC Galveston Bay outreach

Thank you.

Photo Categories:
Photos representative of freshwater inflows
Oil/waste spills
Fishkills
Shellfish fishery
Trash in the bayous or bay / microplastics
Invasive species and/or invasive species control / feral hog in Galveston Bay watershed
Estuarine plants/animals
Salt marsh
Brackish marsh
Freshwater wetlands/native coastal prairie
Mangroves
Shifting sediments (e.g. Bolivar roads)
Image of the intertidal mudflats
Shipping & ports: Houston, Texas City, Galveston, etc.
Bay infrastructure (Texas City Dike, Moses Lake gates, etc.)
Shoreline: developed and undeveloped

Houston skyline (with or without habitat in foreground)	
Restoration photos: before/after, volunteers, aerial shots
