

COME JOIN ARTIST BOAT FOR A FREE HABITAT RESTORATION PROGRAM!

Artist Boat is looking for partners in the oil and gas industry who would like to participate in a free habitat restoration program. On Friday, June 5th 2015, from 10:00 AM - 4:00 PM, Artist Boat will be replanting a wetland habitat on Galveston Island that was damaged by human vehicular traffic. This is a fantastic team-building event, a great opportunity for environmental stewardship, and provides a way of giving back to the community while spending some time outside.

Friday, June 5th at Lafitte's Cove in Galveston, TX

The planting site is located at 3 218 Lafittes Point, Galveston, TX TX 77554

Employees of oil and gas companies can register themselves and their families for one of our planting events, or they can reserve an event for their company.

If you are interested in participating in these events, please contact our Habitat and Stewardship Program Manager Nate Johnson at njohnson@artistboat.org or at (703) 851-6019
