

2026 Greater Houston Environmental Summit Exhibitors

October 23-24, 2026

United Way of Greater Houston

Expected Attendance: 175-200

The 2026 Greater Houston Environmental Summit serves as the region's focal point for collaborative environmental action. By bringing together corporate partners, government bodies plus nonprofit and community leaders, we tackle the critical issues impacting our workforce and neighborhoods. The Summit offers a distinct platform for exhibitors to showcase civic leadership and for executives to serve as thought leaders alongside community and government peers.

We invite you to exhibit during this important event that catalyzes community-driven strategies. Together, we will empower shared leadership and drive the resilient solutions Houston needs now.

New in 2026

Two-day conference. We're moving to a two-day schedule, including Saturday with free childcare, to make the Summit more accessible and easier to attend.

Speed Mentoring Lab. A high-impact opportunity for your leaders to mentor the next generation of Houston's environmental talent.

CONNECTING OUR ENVIRONMENTAL COMMUNITY

Citizens' Environmental Coalition (CEC) connects Houston's environmental community through a diverse range of programs, resources, and events. We create access to advocacy and educational opportunities, foster appreciation for nature and connect stakeholders to work collaboratively on local solutions. Made up of over 100 member organizations and individuals, CEC is proud to represent a diverse group of nonprofit organizations, governmental bodies, concerned community members and activists.

Mission: To foster dialogue, education and collaboration on environmental issues in the Houston/Gulf Coast region

Vision: An environmental community recognized as a vital part of the fabric of our society
